How to Work With the Lyran Gold Codes

These are not just symbols.

They are living frequencies... soul signatures that speak to the deeper layers of your being.

Do not try to analyze them first.

Let your body respond before your mind does.

Begin by sitting quietly and allowing your breath to soften.

Look at the six codes and notice which one draws your attention naturally.

You may feel warmth, emotion, tingling, recognition, stillness, or a quiet inner pull.

That is often how the code begins to speak.

Work with one symbol at a time.

Gaze at it gently.

Place a hand on your heart or solar plexus.

Let any images, memories, sensations, or knowing rise without forcing them.

Then sit with the reflection questions and write down what comes.

You are not meant to decode everything at once.

You are meant to receive... and remember.

1. The Path of Solar Builders

You are a constructor of sacred systems, one who builds the invisible into form. This symbol marks you as a guardian of timelines, architecture, and light structures. Your soul remembers Earth when pyramids sang and aligned to stars.

You are here to help rebuild the subtle grids through thought, movement, and presence.

You do not rush.

You do not scatter.

You remember the math of eternity.

Reflect:

- Where am I being called to build something eternal?
- How do I anchor the future by stabilizing the now?
- What systems have I outgrown, and what ones am I here to create?

2. The Core of Divine Sovereignty

You carry the remembrance of original unity. This symbol activates the Oversoul center... the still point from which all gold spirals out. You are not here to be everywhere you are here to be fully where you are.

The dot is the I Am.

The circle, your sacred container.

You are whole.

Not becoming.

Not fixing.

Simply radiating.

Reflect:

- Where am I leaking energy by trying to do too much?
- What does it mean to be sovereign, centered, and sealed?
- How can I return to the still point before every decision?

3. The Watcher of All Realms

You are a Seer, a Witness, a Guardian of Thresholds. This code awakens inner sight and the sacred duty of observation without distortion. The serpent eye is not for spying it is for stabilizing truth across dimensions.

You may have struggled with being too sensitive... too awake.

That's not weakness. It's precision.

You were encoded to see what others deny.

Reflect:

- Where am I afraid to trust what I see?
- How can I observe without trying to fix?
- What timelines am I stabilizing just by witnessing?

Isis Disc – Portal of the Divine Mother

[CLICK HERE TO LEARN MORE ABOUT THIS DISC](#)

This is not merely a disc—it is a resurrection. **A sacred key long held in the higher realms, now brought forth by permission of the Divine Mother Isis herself.** Formed through light, gemstone, gold, and ancient intention, **the Isis Disc opens a living portal to the realms of healing, protection, and magic.** It is for the priestess reawakening, the healer remembering, the seeker ready to reclaim her divine inheritance. **This tool does not offer power—it restores the power that was always yours.**

Infused with the essence of the all-encompassing feminine, **this disc is a vessel of protection** from curses, black magic, and distortion. But more than that, **it is a gateway: to cellular remembrance, to past-life healing, to the voice of Isis whispering behind the veil.** Whether placed on your solar plexus, your third eye, or the heart of a client—this tool invites transformation. Expect the rising of old truths, the dissolving of forgotten pain, and the return of sacred light into the body. **You are not just using the Isis Disc—you are walking into the temple you once belonged to.**

4. The Code of Sacred Ascent

This is the signature of those walking an upward path with structural integrity. You are both grounded and ascending your journey is not chaotic, it's angled, earned, sacred.

This symbol speaks of quiet perseverance, of invisible initiations.

You do not leap... you climb.

And every step is encoded.

Reflect:

- What sacred progress have I minimized in myself?
- Where am I climbing with grace, even if others don't see it?
- What does true integrity look like in my ascension?

5. The Bridge Between Worlds

This symbol marks you as a translator of frequency. You walk between dimensions, lineages, lifetimes... often unseen, often misunderstood.

You hold two truths at once.

You reconcile paradox.

Your presence unlocks that which was sealed not with force, but with resonance.

You are a living bridge.

The split is not a flaw.

It is the key.

Reflect:

- Where do I try to 'choose a side' when I'm meant to be the middle?
- What dualities am I here to reconcile through love?
- How can I trust that my unique design is the very medicine needed?

6. The Gatekeeper of Encoded Light

This is the most mysterious of the codes. It is the seal of those who carry light languages, glyphic knowledge, and geometric memory. If you resonate with this, you likely dream in codes, feel symbols, or speak in forms others may not understand.

You are here to protect, translate, and transmit the living language of the Oversoul.

You are not strange.

You are multidimensional syntax... in motion.

Reflect:

- What symbols or codes naturally appear in my art, voice, or dreams?
- Am I guarding something sacred, or is it time to share it?
- Where does the divine wish to speak through me in new ways?

The Lyran Gold Codes do not need to be fully understood in order to begin working within you.

Sometimes a code will speak through a feeling.

Sometimes through a dream.

Sometimes through a sudden shift in clarity, direction, or self-recognition.

Return to the symbols as often as you feel called.

The one that resonates today may not be the one that speaks tomorrow.

Trust that your field knows which frequency is ready to awaken next.

Let this be a gentle unfolding... not a test, not a performance, but a sacred remembering.

Thank you for walking with these codes.

Thank you for listening with your soul.

And thank you for allowing what is ancient within you to rise again.

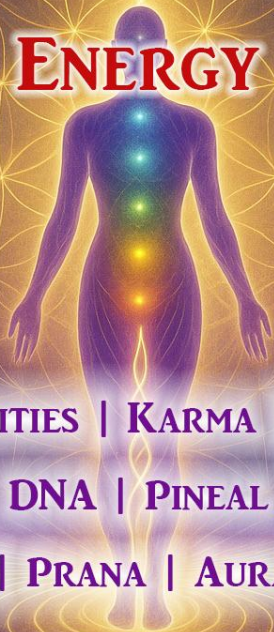

With love,

~ Anna Merkaba
